## Teaching and Tutoring Experience

Since 2005, at *Deakin University, Zayed University* and at the EHESP, I have been teaching a number of subjects in Bachelor, Master and continuing education programmes.

At the [EHESP](#), I am responsible for two [MPH](#) modules for international students (“Health promotion and health education” and “Health promotion and disease prevention program and policy planning”) and three modules for the French MPH. I am also the coordinator of a one-year, five-module continuing education programme in health promotion ([Certificat de promotion de la santé](#)). I also regularly contribute to other courses and to custom-made training programmes for public health professionals delivered at their workplaces.

From 2011 to 2017, I have been an active member of the *European Training Consortium in Public Health and Health Promotion* ([ETC PHHP](#)) and involved in the planning and teaching of its annual summer school. My team and I organized the 2014 edition of the summer school that was hosted at the EHESP in Rennes.

Since 2017, I also run a course in community health in Rabat in collaboration with the National School of Public Health (ENSP) of Morocco.

### Active research grants

I am the first investigator on two research projects:

2017-20 IReSP (the prevention component of the 2016 call for grants: breton-aap16-prev-16) project [CLOTERRÉS](#) [Local strategies for primary prevention and health promotion: the local health contracts as devices for implementing regional policies at the local level.] (200K€).

2017-18 National Institute for Cancer (INCa : RISP17-010\_AM) [Documenting and improving interventions for the promotion of physical activity in tertiary prevention in oncological services in hospitals: a seed project] (29K€).
